Dear Mr.

This letter is in response to an appeal of the denial of benefit coverage for services recommended by your physician.

Decision: Do not certify claim coverage for Cardiac Tomography CTA performed on July 25, 2007.

Reason: The information submitted for appeal was reviewed by the BCBSIL Appeals Medical Director. The information is not sufficient to establish medical necessity for the services.

BCBSIL Medical Director suggests that the following information would be helpful, and when it is received the appeals file can be reopened: medical records/reports for the services given on/during the treatment period which refer to the diagnosis, any treatments tried and the response to same, and any relevant diagnostic studies, including any consultation notes. Records may be submitted to:

Appeals/ Consumer Services Management
Blue Cross Blue Shield of Illinois
300 East Randolph 24th Floor
Chicago IL 60601-5099

300 East Randolph • Chicago, IL 60601-5099 • www.bcbsil.com

Should you have further questions, please call an appeal department staff member at (312) 653-8507.

Sincerely,

A handwritten signature in cursive script that reads "Jenn Arevalo".
